GUILDTHREAD GROUP

Helping Organizations Build Better Ways of Working.

Guildthread Group helps organizations strengthen operations, improve workflows, manage organizational change, and build the internal capability needed to sustain improvement.

Strategy becomes valuable when it works in daily operations.

Guildthread connects analysis, improvement, change, and workforce capability to practical execution.

CORE CAPABILITIES

01 Operational & Workflow Consulting

02 Organizational Transformation

03 Process Improvement & Lean Six Sigma

04 Change Management

05 Process Simulation & Bottleneck Analysis

06 Training & Workforce Development

07 Leadership & Organizational Development

08 Curriculum Development

HOW WE WORK

01 Discover — 02 Diagnose — 03 Design — 04 Simulate — 05 Implement — 06 Sustain

> *Engagements are scoped around the organization's actual needs. Guildthread does not force every challenge into the same template or methodology.*

Guildthread

CAPABILITIES BRIEF

SELECTED IMPACT

Evidence of Practical Operational Impact

$135K

ANNUALIZED SAVINGS

Identified and implemented approximately $135,000 in annualized cost savings within the first three months.

10%

POLICIES & SOPS STANDARDIZED

Standardized approximately 10% of organizational policies and SOPs, strengthening consistency and operational governance.

$500K+

POTENTIAL ANNUAL REVENUE

Identified a strategic clinical research partnership representing more than $500,000 in potential annual revenue.

Selected results reflect anonymized engagements. Client identities and certain operational details are withheld or generalized to protect confidentiality.

ANALYTICAL CAPABILITY

Process Simulation in Action

Historical operating data was used to model workflow behavior and identify the actual constraint within a complex laboratory process, allowing leadership to focus improvement efforts where they would have the greatest operational impact.

INDUSTRIES & ORGANIZATIONS WE SERVE

Healthcare & Medical Practices | Laboratories | Education | Manufacturing | Professional Services | Nonprofits | Government

WHY GUILDTHREAD

- Operational expertise grounded in real-world implementation
- Lean Six Sigma and structured process improvement
- Change management focused on adoption and sustainability
- Ability to connect strategy with day-to-day execution
- Data-informed analysis and process simulation
- Customized workforce development
